Front Page

1. Login button: it will go to login page and users will provide their username and password for authentication purposes.
2. Sign up button: users are directed to a create account form where they are required to input their personal information for account creation.

Login Page

3. Username Textfield: Users input their username here.
4. Password Textfield: Users input their password here.
5. Forgot Password: Allows users to retrieve their account if they forget their password.
6. Login Button: Verifies the username and password, identifies whether the user is an admin, seller, or buyer if the credentials exist.
7. Register Account Button: Directs users to the **registration page** for creating a new account.
8. Remember Me Checkbox: Option for users to have their username remembered after logging out of their account.
9. Eye Icon: Allows users to toggle password visibility for enhanced usability.

Create new account

Welcome to Shoptify, please enter your information to start your amazing shopping journey!

The form consists of several input fields and a submit button. The fields are labeled with numbers 10 through 20. Labels include: First name (10), Last name (11), Email (12), Phone number (13), Address (14), Username (15), Password (16), Role (17), and Submit (18). A small eye icon (20) is located next to the password field.

10	First name
11	Last name
12	Email
13	Phone number
14	Address
15	Username
16	Password
17	Role
18	Submit

Create Account Page

10. First Name Textfield: Users input their first name here for account creation.
11. Last Name Textfield: Users input their last name here for account creation.
12. Email Textfield: Ensures uniqueness to avoid duplicates in email addresses.
13. Phone Number Textfield: Only accepts numeric input with a length of exactly 11 integers.
14. Address Textfield: Users provide their residential address details here.
15. Username Textfield: Ensures uniqueness to prevent duplicate usernames.
16. Password Textfield: Requires a minimum of 8 characters for security.
17. Role Combobox: Allows users to select their desired role - admin, seller, or buyer.
18. Submit Button: Upon completing all requirements, users can submit and return to the login page.
19. Login Button: Directs users to the **login page** for logging in their account.
20. Eye Icon: Provides an option to display or hide the password for user convenience.

The screenshot shows the Admin Dashboard interface. On the left, there's a vertical sidebar with four blue circular buttons labeled 21 through 24. At the bottom of this sidebar is a red button labeled 25. The main content area has a header with 'Dashboard' and 'Welcome, Archie!' followed by a search bar labeled 27 and an 'Add Account' button labeled 28. Below this is a section titled 'Accounts Table' containing a table with two rows of account data. To the right of the table is a detailed view of an account for 'Lebron' (Account ID 1041), which includes fields for First Name, Last Name, Username, Address, Phone Number, Role, Date Joined, Status, and a status indicator (Active). At the bottom right are 'Edit' and 'Add to Archive' buttons labeled 30 and 31 respectively.

Account ID	First Name	Last Name	Username	Address	Phone Number	Role	Date Joined	Status
1040	archie	albarico	2	Ward III, Min...	09491853866	Buyer	2024-04-24	Active
1041	lebron	james	3	Tuyan, Naga, ...	09231226478	Seller	2024-04-25	Active

Admin Dashboard

21. Admin Profile Button: Allows the admin to edit their profile information.
22. Dashboard Button: Displays user accounts in a table form.
23. Archive Account Button: Displays archived accounts for account deactivation or restoration.
24. Activity Logs Button: Shows a record of all user activities.
25. Logout Button: Logs the user out.
26. Account Table: Presents a table view of user accounts.
27. Search Bar and Search Button: Enables admin to search for specific accounts.
28. Add Account Button: Allows admin to add new accounts.
29. Detailed View of Account Information: Provides comprehensive information about each user account.
30. Edit Button: Allows administrators to modify account details such as status and role.
31. Add to Archive Button: Enables admin to move accounts to the archive for storage or deactivation.
